THE SUBSCRIPTION LIST OF THE DAILY NEWS IS LARGER THAN THATOF ANY OTHER DAILY IN THE STATE, AND MORE THAN DOUBLE THAT OF ANY OTHER DAILY IN RALEIGH. ADVERTISERS WILL MAKE A NOTE OF THIS.

--- The churches were well attended

on Eunday. -The dust again covers the streets

as the waters cover the great deep. -"The boys" are preparing to receive our next Governorin style when he does come.

-Yesterday was a day of April like warmth. It will bring rain to-day, almost certainly.

-- Messrs. Kingsley & Ashley sell kindling wood cut short and split fine at \$1 per cord, delivered. See ad.

-Legislators will begin to come in about the last of the present week. Now is the time for boarding houses to begin to put their advertisements in the NEWS

--- The county and gubernatorial bets have been paid. Those dependent upon the presidential election have not yet been settled owing to the fact that the election itself has not yet been settled. -The official returns are not in yet

from all the counties, and it is thought that it will take some days yet to count up Vance's majority. Our man Ratification will run with Vance, too, and this is what surprises everybody.

---Thompson's Silver Cornet Band practiced three hours yesterday afternoon in a field near St. Mary's. The members were found to play very well, and are prepared now to play in public whenever their services are needed.

-Sunday was one of the most delightful days we have experienced since our entrance upon the autumnal season. Its beauty, geniality and quietude came most gratefully after the week of fearful turmoil which had preceded it, and the rest which it brought was enjoyed to the uttermost.

An investigation of the matter discover the fact that the postmaster had been holding them in the office. We will not call names or places at present, but the next time-lookout !

Sale of the Farmer's Journal.

nal was sold to Richard T. Fulghum Esq , of this city, who will centinue the publication, and car ry out all unexpired contracts for subscription and advertising, &c. Mr. Fulghum conducted the State Agricultural Journal for several years with success. He was in no-wise responsible for, or connected with the suspension of that paper, that event taking place full six months after the sale of the paper to Colonel John D. Whi ford. The Farmer's Journal was well received by the agricultural community, and the public in general: and we bespeak for him a continuance of that favor.

The Falling of a Derrick.

One of the large derricks used in ra'sing stone on the government builling fell to the ground, yesterday about noon, making a loud report and digging a great hole in the ground. The stone work having been completed, preparations were made to lower one of the large derricks by the other The boom extending over the edge of the building, was spliced, and the work of lowering the derrick began. The boom broke, however, just where it had been spliced, letting its load fall to the ground and creating a great commotion in the neighborhood. Nobody was hur'.

His Inaugural Escort.

The Hornet's Nest Riflemen, of Charlotte, just as fine looking and gallant a set of fellows as ever put on a uniform, have had arrangements made for the past three months to escort Gov. Vance to this city when he comes down to be inaugurated. We see it stated also that the services of the Wilmington Light Infantry, and also of the Lafayette Light Infantry and Independent companies of Fayetteville, have been tendered Governor Vance as his escorts and body guards on the same occasion.

Suicide in Johnston.

We learn that the wi'e of Riddick Stansill, who lives at or near Selma, Johnston county, was found drowned in the well on the premises about sunrise Sunday morning. She got up about day-break, and her husband going out to search for her, found her in the well as stated above. It is supposed that it is a case of suicide, though no cause has been or can be assigned. The deceased is a daughter of Barney Creech, of Selma Township. She leaves four small children.

Not Pleased with His Reception.

General Kilpatrick, who passed through this city on his return North, Friday night, was not at all pleased with the manner of his reception in Raleigh. He was positively displeased with the tin-horn serenades he received, as well as with the cool treatment accorded by the citizens .-Petersburg Index-Appeal.

Meeting of the Young Men's T. & V. | The Baptist State Convention.

The c'ub met at Metropolitan Hall at 7 o'clock last evening, President Bleds e in the chair.

In the absence of the secretary, R. W. Belo was requested to act.

The treasurer made a report which was adopted. A committee of five names as follows, was appoin ed to collect dues and pay off the debt of the club: F. H. Heartt, A. Kreth, J. C S. Lumsden, Dr. Manly and Matthew Moore.

The following committee was appointed to correspond with Governor Vance in regard to his arrival in this eity, &c.: J. J. Litchford, J C. S. Lumsden, B. Z Stanton, F. B' Arendell, Ed. Jones.

The following committee was a pointed to confer with a committee of the Mechanics' Clar in regard to the reception of Gov. Vance: Graham Haywood, W. E. Weaver Frank Stronach, John Skeit in, and B C. Manly.

The following re olution was unairimously adopted by the club, after which the President responded in a short but eloquent speech :

Be it resolved: That our thanks are due and are hereby tendered to the President of this club, W. H. Bledsoe, for the manly and impartial manner in which he has presided over our deliberations during the last campaign, and that we will ever cherish a feeling of gratitude for the staunch manner in which he has stood at our helm in the days of the past. The club then adjourned, subject to the call of the President.

After the adjournment of the Young Men's Club, the Mechanics and Workingmen's Tilden and Vance Clubs held a meeting to confer with similar ones from the Young Men's Tilden and Vance Club, in making arrangements for the Democratic rally to come off in this city shortly. Vice President Samuel Merrill presided, and on motion of Juo. Weir, Graham Haywood was requested to act as secretary. The president appointed the following committees:

On Arrangements.-John Weir, ch'm.; J. D. Thompson, J. H. Green, J. M. Broughton, P. H. Femming. On Invitation.—J. M. Buts, Jno. McAllister, Wm. C. Betta W. J. Edwards, J. A. Harriss The meeting adjourned of Thursday night.

few days ago, on the Seaboard & Roanoke Railroad. The mail train ran into the rear of a material train which was trying to reach a cro-sing. The engine of the mail train was ruined, and many of the cars were badly damaged. The engineer was injured in such a manner that his life is despaired of. The express car was smashed all to pieces, a beam of wood having run through it, and Mr. Hasting Poe, one of the messengers, who runs between this city and Norfolk, narrowly escaped with his life. It seemed an interposition of Providence that he was not hurt at all. No one was killed outright, though several were more or less injured.

hreatening Gov. Vance.

We see in the Observer hat Manuel Lord, a great rascal and a great neg o politician in Charlotte, was before the Mayor of that city last Sa'urday for making threats against the life of Gov. Vance. He was charged with having publicly declared that G.v. Vance would never live to be inaugurated Governor of this State. After hearing the case, the Mayor decided to continue it for the purpose of ascertaining if any further proof of his guilt could be procured. The trial created considerable interest from the nature of the charge.

Petition for Pardon.

Application has been made to the Governor for the pardon of Reuben Looney, colored of New Hanover county, who was convicted of the crime of receiving one stolen chicken, of the value of 10 cents, knowing it to have been stolen, and sentenced to 3 years in the penitentiary, his term commencing on the 1st of January, 1876.

TILDEN undoubtedly carried the Pelican State; and it is equally certain that the Radicals are attempting to cheat him out of it.

HAMPTON is certainly elected. An attempt on the part of the earpetbaggers to rob him of his victory, would likely be met with something more persussive than words.

ACCORDING to present advices the Democrats will have the next Assembly of the State of New York by 10 majority-69 to 59. The Republicans have a majority of 15 in the present

ONE of the most gratifying results of Tuesday's election was the carry. ing of Guilford county sgainst Settle; and for the entire Democratic ticket. This is beating a man on his own ground. Ilt demolishes Tor, Settle, and smashes the Greensbe to ring. All honor to the men who did

DAVIDSON county was at first reported to bate gone Republican. This was only partially true. The Democratic State and electoral tickets were defeated, but the Democratic county ticket was successful. Messrs. Roberts, Pinnix, and Leach, assisted by Frank C. Robins, Esq., and others, made a splendid fight of it, and under many disadvantages.

IF Hayes is "counted in" by the tricksters it will be against the expressed views of President Grant. In his proclamation some days ago, he used this commendable language:

'Should there be any grounds of suspicion of fraudulent counting on either side it should be reported and der ounced at once.

"No man worthy the office of President should be willing to hold it if "counted in" or placed there by any frau i. Either party can afford to be disappointed in the result, but the country cannot afford to have the result tainted by the suspicion of illegal or false returns."

THE Northern people demand a fair count in the doubtful States. The Philadelphia Day, a Radical Republican paper, reflects the sentiment of the North in these words:

We want an honest vote and an her est court in those States, no matter who may win or lose, and we would admonish the manipulators on both sides to think twice before they resolve to defeat the will of the American people by falsifying the election returns. If the Dem crats have fairly carried the States of Louisiana, South Carolina and Florida, or any one of them, let Messrs. Chandler, Cameron & Co. keep their untrustworthy and tricky hands off the returns and withdraw their agents from the States in question.

No county did better than Burke in this election. The returns from no other county show a larger propor ional in. This is the result of as hard wark and as thorough organ ization as existed in any part of the country. Maj. A. C. Avery, as elector, for the 8th district, and Maj. J. W. Wilson, as nominee for the House, canvassed Burke in a most effective manner. They were materially assisted in the good work by the Burke Blc de -- a paper which throughout the canvass, was a burning and a shining light for Democracy. The Amendments ran considerably ahead of the ticket, which indicates a most hearty approval of the work of the Convention, by the intelligent citizens of Burke.

THE GENERAL ASSEMBLY SPEAKERSHIPS.

Imm distely upon the assembling of the Legislature next Monday, the presiding officers of the Senate and of the House are to be chosen. This pleasant duty will be at eaded with no difficulty-except that of deciding who among so many capable and deserving gentlemen are the most capable or deserving. In arriving at decision on the subject, the drift of public sentiment in regard to it, is of no sroall importance; hence we pre sep's to-day a number of communications received yesterday suggesting various names for the two eminent positions above referred to.

For speaker of the House, the names of Messrs. Charles Price, of Davie, Marshal H. Pinnix, of Davidson, Edward Ransom, of Tyrrell. John M. Moring, of Chatham, and John N. Staples, of Guilford-are suggested, as suitable persons.

For speaker of the Senate, the name of Hon. James L. Robinson, is brought forward. In both branches of the Legislature there are other gentlemen possessing the requisite qualifications for the two positions, and deserving of the highest honors of the party. So there is plenty of excellent material from which to select.

The suggestion of Mr. Robinson's name in connection with the speakership of the Senate, will command universal attention. He is a young man, but ripe in parliamentary experience. The gavel of our House of Commons has rarely been handled by one possessing higher qualifications for the control of Legislative bodies than James L. Robinson. His successful and brilliant career as speaker of the House indicates very clearly that he would make a most acceptable presiding officer in the Senate, until Lieute nant Governor Thomas J. Jarvis takes his seat as its President.

Mr. Robinson comes from a section of the State which deserves the very highest honors in the gift of the party. Think of the magnificent majorities rolled up in the mountains for Vance and Tilden! Think of how nobly the men of the mountains, and all the Peidmont region, came up to the support of the Amendments, and the relief of the East! The western Democrats covered themselves with glory; and high up among them stands the favorite son

of Macon. Mr. Robinson's friends present for him, for the Presidency of the Senate, claims and qualifications of both a perso al and sectional nature, which are not inferior to thosetof any other of the distinguished gentlemen who

com pose the new Senate. ".'he meution of Mr. Price's name for speaker of the House will be fav orably received. He is a gentle man of fine attainments, and considerable experience in legislative bodies. His record is unblemished.

Mr. Pinnix, the next on the list. which we present to-day, is one of the most popular and talented young Democratic leaders in the State. He won an enviable reputa ion by his course in the last Legislature; and his elevation to the speakership would be a just tribute to his merits and his services.

In behalf of Dr. Edward Ransom, our correspondent urges his service to the party in the most critical hour of its existence. The good of the party-the fate of the State, hung trembling in the balances, when the vote of Edward Ransom kicked the beam in our favor. Never was a member of a constitutional convention placed in a more responsible position; and never was responsibility met more boldly or more dutifully. North Carolinians will never forget him; and should he be placed again in the chair of which he was the last occupant, another cheer like that which rang in the House of Commons on the eventful 7th day of September, 1875, would greet him.

Mr. Moring, of Chatham, is one of the most energetic and enthusiastic Democratic workers in this part of the State. He possesses the necessary qualifications for the position of Speaker, which our Pittsboro correspondent sets forth very clearly. The election of Mr. Moring would ple se a wide circle of friends; as he is one of the most popular men in the middle country.

"Reform" sets out Mr. Staples' claims to the Speakershig in a brief, but strong light. Mr. Staples is one of the most gifted among the rising young men of the State. In the last Legislature he made a brilliant record for himself, acquiring a reputation second to none in that body. He has all the qualifications requisite for the position, and would make an able and dignified speaker. The correspondent who presents his name claims the honor for the middle belt of counties, on the ground that they have not in many years bal the pos tion for any one of their representa

Since the days of reconstruction the Democrats have had but two Speakers of the House-Hon. Thomas J. Jarvis, then of Tyrrell, in 1870-'71, and Hon. James L. Robinson, of Macon, in 1872-'73 and again in 1874-'75. The east and the west having had the honor, it is urged that the middle section is now entitled. If this sectional view should prevail, M sars. Staples, Pinnix, Moring, and the accomplished memberelect from Person, Montford McGehee, Esq., come out prominently in this connection.

CAPT, R. A. SHOTWELL.

There is one member of the next General Assembly the election of whom gives us peculiar gratification. That man is Randolph A bbott Shotwell, of Mesklenburg. And this is why we are especially gratified at his election: It was in the hall of the House of Representatives of our State Capitol that he underwent a mack trial for violation of a United States law. Judge Jeffries Bond sat upon the case, the verdict which had already been prepared was rendered. and Bond sentenced this man, whose shoe latchets he is not worthy to unloose, to a term of imprisonment in Albany penitentiary. In the ball of the House of Representatives it was that the myrmidons of the administration pinioned the arms of this man, while heaping all manner of insult upon him, and the foul birelings jeered him, white the ladies in the galleries veiled their faces with their handkerchiefs and all honest men blushed for the crime which was being committed in the name of liberty.

Bound with cords was he led out of the Commons' Hall and through the streets of this city, followed by a mob of negroes and more infamous because less ignorant whites, who hooted at him, sneered, laughed at his calamity, and did all in their power to add weight to the burden which he already bore. Through the streets to the jail, from the jail to the penitentiary of a distant State, where he la bored through three long years be tween two negro felons convicted of infamous crimes. Turning a deaf ear to the offers of freedom at the sacrifice of honor, defying them to do their worst, he lived on through those long days and nights, sustained through it all by the proud consciousness of honor unsullied though insulted.

This is one of the men whom the freemen of Mecklenburg send here to represent them. All honor to them for it! Randolph Shotwell will stand again in the hall of the House of Representatives, but he will stand there unshackled this time, and his voice will be raised there in defence of popular rights, in defence of the principles of American freedom and American justice, which were once as but dead letters to him.

Throw wide the gates and open wide the doors to give admission to this young martyr, to this gallant patriot, to this noble hero and truehearted son of our soil!

ALL is quiet along the lines.

THE SPEAKERSHIPS THE VOICE OF THE PEOPLE.

We furnish to the public for the ir onsideration the following communications in r gard to the Speakerships of the Senate and House of Representatives, which assembles on Monday next:

Col. John N. Staples for Speaker of the House.

A correspondent of the Charlotte Cheerver recommends Col. John N. Staples, of Guilford, for Speaker of the next House of Representatives, and I beg of you space enough to endorse the nomination, and to say that no man in the State is better qualified, and for many reasons we would urge his election. In many respects he is peculiarly adapted for such a position and we think that this section of the State is entitled to some of the honor. We have given our noble ticket an increased majorityt our people have fought well, and it will be a well merited tribute to our section to tender this compliment to one of our favorite sons.

Marshal H. Pinnix, Esq. THOMASVILLE, N. C., Nov. 13 1876. Mr. Editor:-The great battle has been fought and the Conservative party are the victors. Our State and Nation is redeemed and yet the despots are trying to swindle us out of our President. We are writing how-ever Mr. Editor to tell you that old Davidson elected every officer Conservative. Amongst the number is our talented Marshall H. Pinnix who made us such an e-ficient representative in the last legislature. Marshall has knocked the Rads right and left in this campaign and his services deserve something more than a complimentary no ice. A speaker of the House is to be elected and we would ask a due consideration of his claims to that position. We feel sure that there will be no candidate for the place more deserving than Mr. Pinnix and none that would fill the office with more dignity and ability. Mr. Pinnix is a rising man whose successes are well merited; and to-day commands the confidence and respect of all good men who know him and "enjoys the hatred" of every Radical trickster of this country to a very healthy degree.

Robinson and Ransom.

MR. EDITOR: As the General Assembly will so soon convene, it is well to commence looking around for the proper persons to preside over the two branches. For the position of President of the Senate, (unt. l Jarvi's term begins.) there is no man better qualified than the Hon. JAMES L ROBINSON, of Macon, who has so ably and courteously presided over the House for the past four years. For Speaker of the House all of us turn instinctively to Hop. EDWARD RANSOM, of Tyrrel, whose vote saved the Convention last year. By selecting these two gentlemen, the East and the West will be represented, and no sectional bickerings be engendered. In that the Legislature cannot better begin its work than by selecting these very deserving gentlemen as their presiding officers.

REFORM. Hon. Charles Price.

MR. EDITOR: The friends of Charles Price, Esq., the member elect to the House from make war on what I can.

Davie Coudty, will present his name for the position of Spraker. Mr. Price is a gentleman of ability and won an enviable reputation in the Senate of 1872, as also in the Constitutional Convention of last year.

John M. Moring, Esq.

PITTSBORO, N. C., Nov. 11th. DEAR NEWS:
We have but nine days to the as sembling of the Legislature. The selection of a Speaker for the House of Representatives is one of the first duties incumbent upon our newly elected members. We ask the privilege of presenting the name of John M. Moring, E-q, of Chatham, for that position. He is an experienced member, having now been elected for three consecutive times. He is known throughout the State as a faith ul public servant, a most efficient and capable legislator, with strong convictions of duty and sound judgment. He is calm and unbiased in his decisions, and fearless in the discharge of his obligations. Mr. Moring has served as Chairman o' some of the most important Committees of the House, and always with honor to h mself, and credit to his party. He is energetic and industrious, and most modest and unassuming in manner. He is everywhere regarded as a man of the people, with a heart in sympathy with their interests. In the large county of Chat-ham, he received overtwo-thirds of the Convention vote on the first bal-

One word more, The West has been honored in the selection of a Governor from her midst, and the East in the choice of a Lieutenant Governor The last Speaker of the House was from the West and the President of the Convention from the East. It is eminently proper that the centre be now considered, and the brilliant gain in Chatham county should entitle her to remembrance, especially, when she can present a man so happily qualified as John M. Moring. We trust he may receive a warm and united support. HAW RIVER.

Most Unfortunate Occurrence -- A Young Lady Accidentally Shot by her Brother.

[Charlotte Observer] The people of Statesville were terbly shocked on Friday afternoon the accidental shooting of Miss alla Armfield, daughter of Lt. Gova pout nineteen years of age, by her prother. It seems that the young man was making an effort to extract a cartridge from a pistol when the the young lady in the forehead just above the left eye, entering the brain and producing a mortal wound. At 10 o'clock Friday evening she was still living, but no hopes of her reclans. She has been entirely unconcious since the occurrence, and brain substance was constantly issuing from the wound. The unfortunate brother, who is scarcely over seventeen years of age, is wild with grief. The young lady is a most am able and lovely character, and is the pride a fond and loving father's heart The o currence is one of the saddest ver recorded, and the sympathies of he entire community a ethoroughly roused in behalf of the grief-stricker.

Aspeech by Governor-Elect Robinson. The Hon. Lucius Robinson, Governor elect of New York, was serenaded at his residence, Elmira, on Wednesday evening, and in acknowledging the serouade sail, amongst

other things : "Let us make it our first duty and pleasure now that the conflict is over xclude all inordinate excitement

and passion and to forgive offenses. Join hands as friends and patriots, having a common interest in the good government of our common country. Let us hope also that we have have witnessed for the last time the efforts to rekindle the fires of sectional strife; that henceforth past differences may be forgotten; that pence and good will shall take that peace and good will shall take their places, and that the flag of the Un, on shall protect alike all who folly wand defend it. This is no occasion for a speech. I will not, however, omit to say that the men who have been chosen as the agents of the people cannot fail to give their best forts to the cause of reform in all the departments of the government with ligid economy, retrenchment and the reduction of the burdens of taxation. To this they are pledged by every sanction that can bind the honor and conscience of men.

THE DEAD CARDINAL.

Solemn High-Mass Celebrated by the COJJO Pope. [Special to the N Y. Harald by Cable.]

ROME, Nov. 7, 1876. A deep-seated feeling of reverential awe and sorrow broods over the Eternal City. The death of Cardinal Antonelli seems universally re-

Continual masses were celebrated in the chapel of the Cardinal's apartments, and the solemn service con-tinued until the final high-mass for the repose of the soul of the dead.

The corpse is laid upon a lof y catafalque in the grand saloon of the Cardinal's palace. The body is com-pletely dressed in the semi-regal car-dinal robes. The hat stands beside the reclining head, and the face in the pale I ght has an alabaster white-ness. The hands are clasped over the breast, and the expression on the face is that of blessed tranquility. A double row of tall wax tapers sur-round the bier, and an awful rolembity surrounds the scene.

The high-mass for the repose of the soul of the dead Cardinal was celebra'ed by His Holiness the Pope in person this morning in the Paulin Tue interment will take place in

the recently-constructed mausoleum of the Antonelli family in the public Cardinal Franchi is to succeed An-

tonelli as Sceretary of State. Exciting Scene at Ford's Opera House.

Miss Genevieve Rogers, who is "Maud Muller" at Ford's Grand Opera House, has been quite ill for a number of days. Last night she was thoroughly exhaus ed, and it was only by the exercise of a great physical effort that she was enabled to perferm her part. At the close of the third set, which is a very laborions one, Mi s Rogers was called be fore the curtain, as she had been at the close of each preceding one by tumultuous applause. Some minutes elapsed, and when she finally appeared was observed to lean for support against the collonade on the west side of the stage. While attempting to acknowledge the compliment she fell fainting to the floor, and remained unconscious for severa momerts. Much feeling was manife ted by the audience and sympathy expressed. The gentleman who accompanied her raised her quickly from the stage and bore her to her dr. ssing room, where she was restored by the application of the usual remedes. The audience was hushed to silence during her removal, and upon her re-app arance in the last ac gr eted her with the warmest applause. A strange coincidence con-nected with the circumstance was the fact that the third act closed by "Maud Muller" (Miss Fogers.) leaving for the trapper's home, suffering from physical and mental prostration; and the four h act was opened with her convalescent after a long illness -Baltimore Gazette.

Why a Republican Conference? [New York Herald, 10th]

We have a report that leading Re publicans are to meet in conference n Washington at once to co sider the situation in Louisiana, South Carolina and Florida. We do not wish unnecessarily to intrude our advice, but would it not be better and more statesmanlike for these leading Republicans to call into their conference an equal number of Democrats? The situation is serious; it need not be dangerous. Wise and conciliatory action, conspicuous fairness in dealing with questions in dispute, will harmonize all and satisfy the people. But these results are best obtained by a conference of the statesmen of both parties; in their decision the people of all parties would be content. To call a party conference is only to increase suspicion, alarm and exc.t-ment. An emergency such as this should be met by statemanship and by the frankest and most open and honorable counsel between the real statesmen of both

A Thanksgiving Proclamation from

Gov. Tilden. In a proclamation fixing the 30th of November as a dry of thanks iving and prayer. Gov Tilden says: Let us rejoice in the spirit of order and of hop fuiness which has pervaded all classes under the depression in the indus ries and trade, and in the growth of public sentiment toward wise and bumane methods of dealing with want and suffering. Let us give thanks for the maintenance of our social and religious institutions in their integrity, and implore the divine blessing upon all etforts in behalf of good government with the people of the other States of the Union we recall at this time the blessings which we hold by inheritance. It becomes us, with them, to gratefully and humbly acknowledge the God of our fathers, whose mercies have b en from generation to generation, beseeching him for the continuance of his favor to the nation of his planting, and He may not 'deliver our glory unto another.'

Zach Chandler's Threat.

(New York World, 11th] Secretary Z. Chandler said, just before he left the city Thursday afternoon: "I've got one man already down South, and the Democrats wil need a d-d fast train to get the inside track of him. I don't propose to be euchred in this matter, and Hayes has got to be the next President, whether he's elected or not.' These were the words of the Republican Chairman as reported by General James McQuade, who, with several other gentlemen, overheard them Daring Attempt to Steal the Remains of President Lincoln.

NEW YORK, Nov. 8 .- The Herald's special says: "SPRINGFIELD, ILL., Nov. 7.-A most daring attempt was made this evening by several scoundrels to break into the vault of the Lincoln monument at this place and steal ther-from the remains of the dead President. Some weeks ago it was suspected that designs of this kind were premeditated, and a strict and constant watch has been kept. It was thought most likely that to-night, being election night, would be selected for the job. Filmer Wash-burn, late chief of the Secret Service. and United States Detective Terrel. with several assistants, were accordingly secreted in the reception room of the monument during the after-noon and evening. An 9 o'clock to-night the attempt was made, the vault was entered, the sarcophagus was opened, and the burial case drawn out, when the detectives aprang out, and by the accidental discharge of a revolver, the monsters were frightened and fled into the shrubbery. They are now being pur-sued, and, although there is but a slight clew to their identity, they will doubtless be taken. The design was a deeply laid plan by sharp men to arrange for a ransom."

The North Carolina campaign is said to have been conducted aimost exclusively on State questions and on State records. A Raleigh corres-pondent says he heard two joint discussions between Judge Settle and ex-Governor Vance in the neighborhood of Raleigh and on petther occas on was the name of the Presidential candidates ever once mentioned by the speakers. "You don't seem to talk much about the Presidential candidates," said the correspondent to ex-Gov. Vance. "No, sir," said he, "they are small potatoes, mere side issues." It is quite possible that the ex-Governor did not mean this altogether as a joke. If the States could be left to the control of their own affairs the question by whom the federal government should be controlled would be a matter of second importance. - Baltimore Sun.

A Bad Bargain.

Sun's Washington Letter. But for the admission of Colorado Tilden would have a majority of the electoral college without South Carolina, Louisiana, Florida, Wisconsin or Oregon. The Democratic members of the Senate and House consented in great part to vote for the admission of Colorado against their better judgment. It has not the necessarry population, and should not have been created a State.

"God Bless Tilden!" [New York World, 11th.] dispatch was received at Mr Tilden's house at 7 o'clock last even ing. as follows: To S. J. Tilden, President-Elect of the United States: God bless our next President!

SUNDAY NIGHT DISPATCHES.

FLORIDA.

NEW YORK, Nov. 12. - The following additional dispatch has been received at the Democratic headquarters in this city:

TALLAHASSEE, Nov. 11. Thirty-three counties just heard from give a Democratic majority of 308. There are six counties yet to be heard from, which gave a Democratic majority in 1874 of 720. The counties to be heard from, which are all Dem ocratic, will increase their majorities of 1874 by 25 per cent. The Republican organ here concedes this per cent. increase. This will give the Democratic ticket a clear majority of 1,209. The information from the counties heard from is reliable. At least 400 colored people voted the Democratic ticket in this county, which gave a Republican majo, ity of 2,019. Serious frauds are appreheuded as to the returns. The Legislature is Democratic.

(Signed,) E. B. RANEY, Executive Committee.

NEW YORK, Nov. 12.- The figures received at the Democratic headquarters to-night, give a Democratic majority of over 6,000 in Louisiana. The comments of the journals are unchanged in tone to-day. The Sun and World persist in the election of Tilden, and claim for him 203 yotes against 166 for Haves. The Times regards the election of Hayes as settled and certain. The Herald is anxious-ly awaiting the result, and gives some details of northern men going south to buy up the returning boards.

FAVANNAH, Nov. 12 -A special to the Morning News from Lake City, Fla., says returns are in from all but four counties. Base these counties upon the Democratic majority of 1874, and they give the State to the Democrats by 8.0 majority. All the Democratic counties show heavy increase, and the majority will be at a safe estimate from 1,200 to 1,500 Democratic majority. Tilden will not fall 300 behind the State ticket.

NOON DISPATCHES

TALLAHASSEE, FLA., Nov. 11. General W. R. Cox:

Official returns from 34 counties, and an estimate of votes of 5 counties in 1874, give Democratic majority 1,442. We will do better.

A. B. HAWKINS.

Press Opinions-Sunday Reports from to New Orleans, &c.

NEW YORK, Nov. 13.-The Herald still gives Hayes 166 electoral votes, and Tilden 184 with 19 doubtful. It says, referring to the doubtful States: "So far as additional detailed returns go, they point as before to Democratic success."
The Herald New Orleans special

of the 12th says, United States Marshal Pitkin tel-graphed Gen. Butler to-night soliciting his presence here, and thinks he will come. The Times says, its dispatches from Florida, Louisiana and South Carolina, confirm previous repor's that they have all been carried by the Republicans. The Times' Washington dispatch says Sherman had a long interview with the President Sunday night in reference to the movement of troops. Gen. Sheridan left Chicago Sunday night under orders to take command at New Orleans and make such disposition of the troops as will secure public peace in any emergency. The Times' dispatch quotes Secretary Cameron: "The action of the President in the premises has been taken to insure a fair return and to furnish the people of the country with satisfactory evidence that the verdict of Tuesday, whatever it may be, when declared, has been free from fraud

THE POPE. What Does it Mean! Is the Holy Father Dead.

LONDON, Nov. 13.-The Cologne Jazette publishes a report which has been presented to the King of Italy by his ministers regarding messures to be taken by the Italian Govern-ment at the death of His Holiness. The Ministers propose immediately after the Pope's death to occupy the neighborhood of the vatican by military. The Prefect of Rome will request certain papal officials to assist at viewing the body and other nec-essary formalities. If this be refused, the Prefect will forcibly enter the vatican, accompanied by the gues-tor and also by a physician, notaries and witnesses, who after viewing the body will send a certificate of inquest to the cardinal deacon. A seal will be attached to the furniture in the Pope's debts and remain so until after the removal of the body. After 24 hours, the body will be at the disposal of the clergy.

BERLIN, Nov. 13.—A correspondent of the Times says the Russian papers abound in warlike reports. It is announced that Russia will likely obtain from Holland money for a large amount of rail way shares.

VIENNA, Nov. 13 .- A correspondent of the Times confirms the report that the Russian army will be mobilized in a few days. Russia will send a note to the powers that the reforms demanded by all, can only be fulfilled by Turkey if Russia prepares to defend them.
